WWM November & December 2009 Hunts

Team Keslar heads to Alberta In November 2009. Jack Keslar and Bruce Matthews of Team Keslar head to Alberta for whitetail deer season, and were nicely surprised. We made new friends both north of the border and south of the Mason Dixon Line. Richard, Diane and Joel Deslauriers of Mclellan, Alberta, Canada took us into their home as one of the family, and it was like we were one of the family. I want to thank them one more time. Our new friends from south of the border are Stan Floyd, and Bill Stark of Orange Texas. Stan took a huge 13 point on the 5th day of the hunt, Bruce took a huge 10 point on the 6th day. I was very lucky I took a huge 9 point 15 minutes into our hunt. Remember sometimes it is the first deer you see. Bill left without a deer, because he did not see a deer to his liking. He saw a lot of deer, but none in the class he wanted. Again thank you to the Deslauriers's and to Bill and Stan we will see you all next year!

After Alberta Jack headed to Saskatchewan to Northway Outfitters around north Battleford, Saskatchewan. I made some new friends there as well. Bud and Brenda Graham were great hosts, and the accommodations were second to none. The camp was very comfortable and the food was great thanks to Buddy's mom. I harvested a 10point beauty. There are a lot of deer in Saskatchewan. Everyone there had a great time. I liked it so much I am going to return next year. I had an incredible deer hunting season as the photos show, but don't tell it all.

The last hunt of the year was coming up quick in fact we leave the day after Christmas and return New Years Eve. Team Keslar was Armour Mellon, Henry Mellon, and Jack Keslar. We are heading to South West Texas with Desert Safaris, and owner guide Hunter Ross. We are hunting trophy desert mule deer in the rut, a dream hunt. It would be Henry's first mule deer hunt, and Amour's second trophy mule deer with Team Keslar. I was very excited about the upcoming outing, and Amour and Henry were ready to go. So away we go, and we would not be disappointed. I harvested the biggest mule deer I have ever taken. Amour took a very nice 5x5, and Henry's; just take a look at the great big 4x4 in the photo. To sum it all up fast we had a great hunt in south west Texas. I took a giant 7x6 in the 180 class, Armour took a nice 5x5 in the 150 class, and Henry's was well over 150 as well. That is world class mule deer my friends. We can't wait till the next visit to West Texas.

-Jack Keslar
